## THE BIBLIOGRAPHY OF CANADIAN BIBLIOGRAPHIES

This project of the Society is making good progress. Over 800 titles have been collected. Several members of the Committee have submitted titles; others have inquired what type of material should be included.

It appears necessary to re-define the scope of the project in order to keep it within bounds. We must adhere more strictly to the definition of a bibliography: "A list of books, pamphlets, newspapers, periodicals, maps and manuscripts, or their reproduction." This leaves out lists of pictures, photographs, phonograph records, films (except microfilms of manuscripts or of printed material).

Indexes that are solely "a list of topics, names, etc., treated in a book or a group of books, with reference to pages where they occur", and particularly indexes to statutes, cases or court decisions, and other "glorified tables of contents" are to be omitted. But an index to articles in various newspapers or periodicals, usually classified by subject, or a list of publications issued by a society or a government agency, is a bibliography.

Only union lists dealing exclusively with Canadian material will be included, and not union lists dealing with non-Canadian material.

Bibliographies or catalogues on cards cannot be considered as available for circulation and will be omitted, unless it is planned to issue them as a list.

Analytical articles on bibliography or of bibliographical interest, which are not bibliographies in the sense of the above definition, are to be omitted. On the other hand, journals that regularly devote some space to Canadian bibliography should be listed.

As a rule, only separately published bibliographies will be listed. The indiscriminate inclusion of bibliographies appended to monographs would add thousands of titles and would not be justified. A careful selection has to be made, although it is proposed to include substantial or valuable bibliographies appended to monographs, when these are reported to the Committee.

"Choisir, c'est se priver". The above decisions mean the omission of important and useful material, the listing of which would be desirable but it is impracticable at the moment.

All the resources of the National Library have been tapped. Nevertheless, in the field of provincial documents and locally published bibliographies there remains a serious shortage of information. Our members, and the members of the B.C.B. Committee in particular, are urged to send in their reports to fill these gaps.

Raymond Tanghe.

### B.C.B. PUBLICATION GRANT

Largely as a result of the vigorous campaign conducted by our President, Dr. Tanghe, the Humanities Research Council of Canada and the Social Science Research Council of Canada have voted jointly the sum of \$2,000.00 in aid of the publication of the Bibliography of Canadian Bibliographies. This will ensure the early appearance of this important compilation.

ANNUAL MEETING OF THE SOCIETY

The 1959 Annual Meeting of the Bibliographical Society of Canada will be held on Monday, June 22, 1959 at 7:30 p.m. in the West Lounge of the Students' Union Building, University of Alberta, Edmonton. The speaker will be Dr. L.G. Thomas of the Department of History, University of Alberta. Dr. Thomas will address the meeting on the subject: "Churches and Church Records in the History of the Canadian West."

RETIREMENT OF DR. LORNE PIERCE

In order to mark the retirement of Dr. Lorne Pierce as Editor of the Ryerson Press in December 1959, we propose to devote our December Newsletter to a Special Issue honouring Dr. Pierce for his long career in the service of Canadian literature. Members who wish to contribute anecdotes or other information to this issue, or who would like to submit short letters paying tribute to Dr. Pierce, are invited to address them to the Editor of the Newsletter before November 1, 1959.

THE DICTIONARY OF CANADIAN BIOGRAPHY

This monumental work has at last been made possible by the generous bequest of the late James Nicholson of Toronto, under whose will the residuum of his estate was donated to the University of Toronto to assist the founding of such a dictionary. The kind co-operation of Mrs. Nicholson has facilitated an immediate start. This munificent gift will provide the income from an endowment of more than one million dollars. The Dictionary will thus be maintained in perpetuity, even though the provision of additional resources will be necessary in the early stages.

The first General Editor, George W. Brown, is one of the best known living Canadian historians. He is a professor of history at the University of Toronto, where his special fields have been Canadian and United States history. He was Editor from 1930 to 1945 of the Canadian Historical Review, and has been Honorary Editor of the Royal Society of Canada since 1946. He is the author of Canada in the Making, Building the Canadian Nation, and a number of other text and reference works in Canadian history.

The assistance of contributors from every part of Canada will be needed to carry forward this national dictionary. The co-operation of writers and researchers in many fields will be sought to bring together the essential material for a truly great dictionary.

It is the aim of the University of Toronto Press to publish one or more volumes within three years, and to advance the entire project as rapidly as thoroughness may permit. It is anticipated that very great progress will have been made by 1967, and a more fitting commemoration of Canada's century of Confederation could scarcely be conceived.
